Publisher's Note: Pivot Science Publication Corp. remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

On behalf of the entire journal team, we would like to express our gratitude to the scientists who contributed their valuable expertise and time in reviewing manuscripts for the journal *Human Population Genetics and Genomics*.

Peer review is one of the most important processes that we rely on for assessing the quality of submissions. The reviewer's comments have been key to improving the quality of the papers published in *Human Population Genetics and Genomics*. We greatly appreciate the following reviewers for their generous support of *Human Population Genetics and Genomics* in 2021.

Note: This list reflects reviews received between January 1, 2021 and December 20, 2021; names listed in alphabetical order.
